Service Code List and Master List of Assurance Documents

Document No.	MDSSPL-DOC-L0001	Rev.	1.0	Issue Date	05 NOV 2026	Approved	Director

1. Document numbering

Every controlled form is numbered MDSSPL-<Service code>-<Form no.>, with the revision and issue date shown on page 1, in the header of later pages and in the footer. The service code links each document to one service of the MDSSPL Service Hub; the form number identifies the type of document and is the same for every service.

Form no.	Document	Used at
R0001	Opening Meeting Agenda and Minutes of Meeting (MOM)	Start of the engagement; attendance, MOM and evidence request
R0002	Verification / Audit / Assessment Plan	Before fieldwork; team, schedule, risk assessment and sampling
R0003	Finding Report (CAR / CR / FAR) with clause dropdowns and clause annexes	During fieldwork until closure of each finding
R0004	Closing Meeting Record	End of fieldwork; summary of findings and agreed timelines
R0005	Opinion / Assurance / Verification Statement	After finding closure and independent review
L0001	This service code list and master list (code DOC)	Document control

Example: MDSSPL-BRSR-R0005 is the assurance statement for the BRSR / BRSR Core service. Increase the revision (1.0, 1.1, 2.0 ...) and the issue date whenever a form changes. The earlier draft finding reports numbered "MDSSPL-<code>-R 0003 - 1.0" on the ALS-style layout are withdrawn and replaced by the R0003 forms in this list.

2. Service code list (assurance and verification services)

Code	Service	Hub module	Group	Main criteria / standards	Document set
