Annex C – Finding Types and Categories

Term	Meaning
CAR	Corrective Action Request: a misstatement or non-conformity that must be corrected and closed before a positive conclusion, opinion, certificate or claim can be issued.
CR	Clarification Request: information is insufficient or unclear to decide whether a requirement is met; the client must provide clarification or evidence.
FAR	Forward Action Request: an issue to be addressed and checked in the next period; it does not prevent the current conclusion.
Metric misstatement	A reported accounting or activity metric differs from the evidence.
Technical protocol non-conformity	The metric is not calculated as defined in the SASB technical protocol (scope, unit, method).
Disclosure topic missing / incomplete	A disclosure topic of the industry standard is omitted without explanation.
Critical	Finding that alone makes the reported information materially wrong or prevents a conclusion; immediate correction required.
Major	Systematic or significant failure that could lead to a material error or invalid claim if not corrected.
Minor	Isolated lapse not likely to cause a material error or invalid claim on its own.
Concern	Observation or opportunity for improvement; no action is mandatory.

Severity categories are suggested definitions aligned with MDSSPL procedures. Clause titles are summarized for reference; refer to the licensed standards and current regulatory texts for full requirements.
