Term	Meaning
CAR	Corrective Action Request: a misstatement or non-conformity that must be corrected and closed before a positive conclusion, opinion, certificate or claim can be issued.
CR	Clarification Request: information is insufficient or unclear to decide whether a requirement is met; the client must provide clarification or evidence.
FAR	Forward Action Request: an issue to be addressed and checked in the next period; it does not prevent the current conclusion.
Water balance / data discrepancy	Measured, metered or billed quantities do not reconcile in the water balance, or data lacks evidence.
Regulatory non-compliance	Condition of consent, NOC, discharge standard or other legal requirement is not met.
Non-conformity with standard	Requirement of ISO 14046 or ISO 46001 (or agreed best practice) is not met.
Critical	Finding that alone makes the reported information materially wrong or prevents a conclusion; immediate correction required.
Major	Systematic or significant failure that could lead to a material error or invalid claim if not corrected.
Minor	Isolated lapse not likely to cause a material error or invalid claim on its own.
Concern	Observation or opportunity for improvement; no action is mandatory.
